Cryptosporidium *Giardia*

INSTALLATION TIPS

1. Read the installation instructions carefully before beginning.

2. Turn off the water supply to the fountain before installation.

3. Remove the old filter and install the new Everpure filter.

4. Turn the water supply back on and check for leaks.

5. Check the pressure gauge regularly to ensure proper operation.

6. Replace the filter when the pressure gauge indicates a drop in pressure.

7. Contact your local Pentair representative for more information.

OPERATION TIPS

1. Check the pressure gauge regularly to ensure proper operation.

2. Replace the filter when the pressure gauge indicates a drop in pressure.

3. Contact your local Pentair representative for more information.

4. Check the water flow rate regularly to ensure proper operation.

5. Contact your local Pentair representative for more information.

SIZING

1. Check the flow rate of the fountain to determine the required filter size.

2. Contact your local Pentair representative for more information.
