

Undersink

Professional-grade PFOA/PFOS reduction system for point of use, undersink applications

System is certified by IAPMO R&T to reduce up to 98% of PFOA/PFOS, commonly known as “forever chemicals”

Also features premium sediment, chlorine, and chloramine reduction

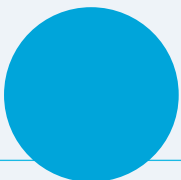

Integrated pressure relief valve for easier cartridge change-outs

/

Make sure to properly lubricate O-ring prior to use.

Install vertically with bowl hanging down.

Allow 1-1/2" (3.81 cm) clearance below the cartridge for easy cartridge replacement.

Replace cartridge if flow rate decreases.

Do not exceed service flow rate.

Inspect O-ring during each cartridge change. Lubricate and/or replace if necessary.

Service Flow Rate: Maximum 1gpm

10" filter housing with pressure relief

10" filter cartridge

Wrench

Mounting bracket with screws
