

# RACER<sup>®</sup> LS

PRESSURE-SIDE INGROUND POOL CLEANER

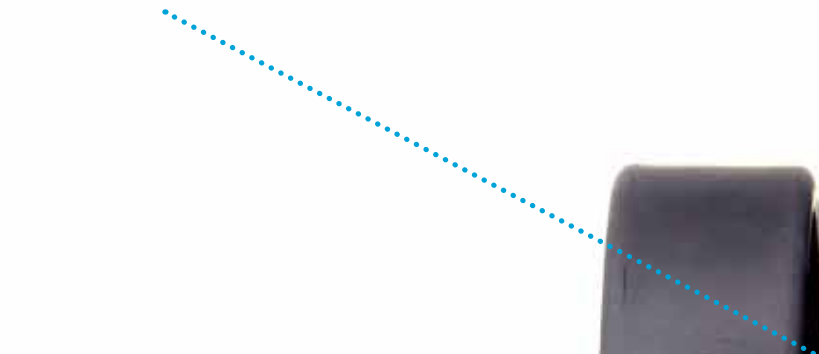

## CLEANS BETTER BY DESIGN.

Quad-Jet Vacuum Technology delivers 25% more cleaning power than other pressure-side inground cleaners.

The Racer® LS Pressure-Side Inground Pool Cleaner is built for greater vacuum performance that provides maximum debris removal. You get more cleaning power for a brighter, cleaner pool—and that's better by design.

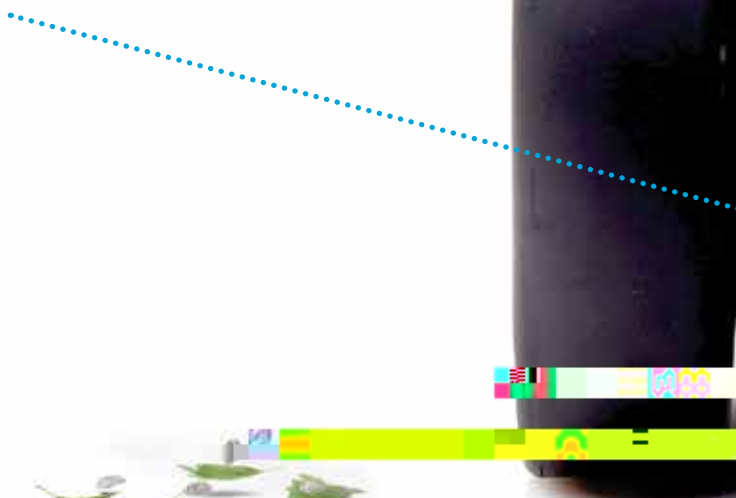

### Powerful cleaning

Four jets create maximum vacuum power

### Wide open

40% larger intake inhales dirt and debris of all sizes and shapes

Steady-Grip Traction

# RACER<sup>®</sup> LS

## PRESSURE-SIDE INGROUND POOL CLEANER

25% more cleaning power than other pressure-side inground pool cleaners.

### BOOST YOUR RACER LS

To get even greater performance out of your cleaner, pair it with the Pentair HydroBoost Pump. By adding HydroBoost to your pool system, you'll enjoy optimized performance of your pressure side pool cleaner without
