

There's a Sta-Rite pump to satisfy your pool's specific conditions.

The right pump is the one your pool needs. From variable speed innovations to single-speed additions, Sta-Rite pumps keep fun flowing. With available DOE-compliant models, we build pumps you can trust.

Variable speed. Invariably smart.

Variable speed pumps operate at different speeds you can adjust to your needs. Lower speeds for equipment longevity, energy savings, and water quality. Higher speeds for more performance or flow. And whisper-quiet

INTELLIPRO3® VSF VARIABLE SPEED AND FLOW POOL PUMP

Put your pool on cruise control. Our proprietary flow technology

set-it-and-forget-it peace of mind. And the Pentair Home app puts control at your fingertips.

- Patented sensorless flow control maintains optimal flow.

- DOE compliant and ENERGY STAR® certified.

SUPERMAX® VS POOL PUMP

- Superior drop-in replacement for Hayward® Super Pump®

IoT devices increase flexibility.
