

The Myers SSM331 series pumps are engineered for performance in a variety of demanding drainage applications. The heavy-duty cast iron housing and oil-filled motor maximize heat dissipation for trouble-free operation and years of reliable service. Models available with tethered or vertical switch.

APPLICATIONS

Basement, laundry, and utility room drainage.

SPECIFICATIONS

- Capacities** 31 GPM (117 LPM)
- Shut-off Head** 23' (7 m)
- Operation:** On 9.94 (252 min), Off 4.06 (103 min)
- Solids Handling** 1/2" (12.7 mm)
- Liquids Handling** Domestic wastewater
- Intermittent Liquid Temperature** Up to 140°F (60°C)
- Motor/Electrical Data** 1/3 HP, 115V, 9A, 1.0, 60Hz
- Acceptable pH Range** 5-9
- Shaft Seal** Teflon, 11A, cast iron, stainless steel
- Housing** Cast iron
- Power Cord** 10' and 20', 16/3, SJTW, SJTW-A
- Discharge, NPT** 1-1/2"
- Min. Sump Diameter** 12" (304.8 mm)

FEATURES

Rugged and Reliable

Cast iron housing and oil-filled motor maximize heat dissipation for trouble-free operation and years of reliable service.

Versatile Performance

Available with tethered or vertical switch for easy installation and operation.

Heavy-duty Design

Robust design for long life and reliable performance.

Choice of Switch Types

Available with tethered or vertical switch for easy installation and operation.

Ease of Flow

Smooth interior finish for easy flow and long life.

Overload Protection

Overload protection to prevent motor burnout.

Heat Safety

Oil-filled motor for heat dissipation and safety.
