SAFETY

SAFETY SYMBOLS

 This is the safety alert symbol. When you see this symbol on your pump or in this manual, look for one of the following signal words and be alert to the potential for personal injury:

DANGER warns about hazards that will cause serious personal injury, a minimum diameter of 24" is recommended
WARNING warns about hazards that will cause serious personal injury, death or major property damage if ignored.

CAUTION warns about hazards that can cause serious personal injury, death or major property damage if ignored.
NOTICE Warns about hazards that will or can cause minor personal injury or property damage if ignored.

The word **NOTE** indicates special instructions that are important but not related to hazards.

CALIFORNIA PROPOSITION 65 WARNING:

This product and related accessories contain chemicals known to the State of California to cause cancer or reproductive toxicity. For more information, please go to <http://www.cdph.ca.gov/Programs/CID/DCDC/Pages/Prop65Resources.aspx>.
